Lagos, Nigeria • 08132196409 • ogahdivine001@gmail.com

Portfolio: ogahdivineportfolio.vercel.app

PROFESSIONAL SUMMARY

Creative and motivated web developer and graphic designer with hands-on experience building modern websites, creating digital graphics, and developing client-focused online experiences. Comfortable working with HTML, CSS, JavaScript, WordPress, UI/UX design, and AI-assisted development. Strong interest in digital marketing and conversion-focused copywriting.

CORE SKILLS

Web Development: HTML5, CSS3, JavaScript, React, Vite, WordPress

Design: Graphic Design, UI/UX, Adobe Photoshop

Marketing: Copywriting, Ad Copy, Landing Page Copy, Social Media Content

Tools: Git/GitHub, AI-assisted development tools

PROJECT EXPERIENCE

PrimeHomes Real Estate Website

Developed a modern real-estate website with responsive layouts, property presentation, search-focused sections, animations, and a professional user experience. Built with React/Vite and deployed through GitHub-based workflow.

E-commerce Website Projects

Built e-commerce interfaces with product listings, shopping-cart functionality, responsive design, and customer-focused UI. Worked on frontend structure and backend/API integration concepts.

School Website & Mobile App Projects

Worked on school-focused digital projects including a responsive school website concept and a React Native/Expo mobile application with authentication and planned Firebase integration.

FREELANCE & CREATIVE EXPERIENCE

- Created promotional graphics, branding concepts, flyers, logos, and digital marketing assets.
- Developed portfolio, real-estate, e-commerce, education, and business website concepts.
- Created advertising copy using frameworks such as PAS and AIDA, with emphasis on clear hooks, benefits, and CTAs.
- Taught graphic design and supported learners with practical design projects.

EDUCATION

Secondary Education — Allen High School

WAEC — 2026
